

Profile of ABCD at Kingston

Agri-Business Child Development (ABCD), founded in 1946, is committed to providing the highest quality early childhood education and social services to farm worker and other eligible families across New York State. Children, 8 weeks old through school age, benefit from the culturally and linguistically diverse programming recognized nationally as a hallmark of Agri-Business Child Development.

Agri-Business Child Development has provided services to Ulster County's agricultural community since 1967. ABCD at Kingston began serving children and families in December 2012 in the newly renovated Adams Street Community Center. The multi-purpose community center is a new beginning for the former St. Peter's Elementary School.
